Wildlife Recovery and Rescue

Zoos Victoria's contribution to recovery programs

As part of our Fighting Extinction commitment, Zoos Victoria participates in a number of government-agency managed Recovery Programs for threatened species. During the past twelve months the following animals have been released into protected habitat to help re-establish and bolster wild populations.

Property	Number	Species/Program	Release site
Amphibian			
Healesville	660 eggs 78 tadpoles	Southern Corroboree Frog	Mt Kosciuszko, New South Wales
Healesville	372 eggs 54 tadpoles 27 juveniles	Northern Corroboree Frog	Tidbinbilla, Australian Capital Territory
Healesville	110 juveniles	Spotted Tree Frog	Mount Beauty, Victoria
Melbourne	2251	Southern Corroboree Frog	Mt Kosciuszko, New South Wales
Melbourne	2970	Baw Baw Frog	Mout Baw Baw, Victoria
Reptile

Melbourne	23	Pookila	Royal Botanic Gardens, Cranbourne, Victoria
Melbourne	4	Pookila	Wilson's Promontory National Park, Victoria

Zoos Victoria's contribution to wildlife rescue and rehabilitation

Every year hundreds of injured and orphaned wildlife are brought to Zoos Victoria for assessment, treatment and care. Many of these cases involve trauma, such as car accidents or attack by cats and dogs, resulting in fatal injuries. These cases may require euthanasia. Some cases may require rest and can be released within 24 hours of arrival. Some cases have minor injuries, and can be transferred to registered wildlife shelter operators having the appropriate expertise for further care. ZV veterinary staff will continue to monitor the health of cases transferred to wildlife carers. During 2024/25 Zoos Victoria admitted 3752 wildlife cases:

- Healesville Sanctuary, received 1972 animals, of which 253 were successfully treated and returned to the wild, whilst 500 were transferred out to either registered wildlife carers for further care and release or other government organisations;
- Melbourne Zoo, received 646 wildlife admissions, of which 159 were successfully treated and returned to the wild, whilst 33 were transferred out to registered wildlife carers for further care and release;
- Werribee Open Range Zoo, received 1134 animals, of which 127 were successfully treated and returned to the wild, whilst 243 were transferred out to registered wildlife carers for further care and release or to other approved organisations.
